Ardmore, Wednesday, Nov. 8, 1905.

"The worst enemy of the negro race
is the negro criminal," says the
president and neither the south nor
the north will care to argue that propo-
sition with him.

It is announced that Secretary Root
will take up the Venezuelan matters
"very soon" in the meantime Mr.
Root is probably looking around for a
pair of lungs to take it up with.

The people of Oklahoma were not
slow in extending aid to the unfor-
tunate people of Mountain View. Such
disasters bring out the finest and
kindest traits of human nature.

Twenty-six divorce cases were dis-
posed of in one morning last week by
Judge Burford. It appears that Okla-
homa might to advantage interest her-
self in the movement to check the
divorce evil.

President Roosevelt's distinction for
greatness is of the simple pure variety.
It's not every man who makes a
claim on notoriety who can stay out
on the ocean three days and not be
forgotten.

A Mission school boy has given the
best definition of friend we have
heard. "A friend is a person who
knows all about you and likes you
just the same." Fortunate is he who
has such friends.

Secretary Taft has cut down the ex-
tremes for new ordinance work for the
army to the amount of \$5,000,000, and
has also ordered a reduction of \$5,
000,000 in the estimates for river and
harbor improvements.

The statement attributed to Secre-
tary Wilson that corn is too valuable
to feed livestock is causing certain
editors to wonder if he, too, believed
the juice should be extracted and fed
to the human race.

John Deacon Rockefeller has al-
ready reaped \$50,000,000 in profits
from the effects of the Russian trou-
bles on the oil field. Jew-heating can
hardly be one of the many providences
for which the oil magnate aspires that
he is thankful.

Gold raised from a depth of a mile!
They are gradually approaching the
realization of this feat in Australia,
says the London Chronicle. A beauti-
ful piece of gold-bearing quartz is on
view at the mining department in Mel-
bourne. It was found at a depth of 4,
200 feet in the New Chum Mine, Ben-
digo, the greatest depth on record at
which gold has been obtained. The ge-
ological experts say that this is very
interesting as establishing fact that
condition of gold deposits are as
favorable at this immense depth as
they are near the surface.

THE PRESIDENT'S EXPENSES.

The people of the south enjoyed and
appreciated the visit of the president.
They would very gladly see the govern-
ment defray the expenses of the
trip. There are many government ex-
penditures of which the people if they
were left to the people would not ap-
prove, but a charge for the expenses
of Mr. Roosevelt's tour they would
not begrudge.

Are the United States generous
enough with their president? Are they
not miserably in the dollar out of
compensation for the service he ren-
ders? Do they not weigh a dollar too
carefully before expending it for some
personal necessity, or say luxury, of
the president? For the traveling ex-
penses of others connected with the
government ample allowance is made.
Democrats and Republicans resolve
travel pay. Sometimes some of them
do not get all they would like to, as
was the case in the last congress yet
they get quite a considerable amount.
Even when they go on their last
travels the cost of the house and
other personal expenses are met. Con-
gressional junkies are paid for by the
government, but when the president
visits distant sections of the country
he must pay his way. He goes at the
invitation of the people and they do
not like the idea of his having to pay
personally when he accepts their invita-
tions.

Splendid trains are often put at the
disposal of the chief executive by the
great railroad companies, but this
country is great, wealthy and powerful
enough to stand in need of no such
courtesies for the head of its govern-
ment. Now should the government be
under whatever obligation the accep-
tance of such courtesies entails. The
United States should neither have
their president accept tenders of spe-
cial trains for his trips, nor should
they make him pay his own expenses
as it was reported President Roosevelt
intended doing upon his southern trip.

dian Territory, this 24th day of April,
1905.

HOSEA TOWNSEND, Judge.

The "Hummer."
That not very elegant word, sup-
posedly an Americanism, "hummer,"
is said to be descended from the Eng-
lish "hummer," itself centuries old.
If not very literary in the company it
has kept, a "hummer" was a person
who peddled fish outside the regular
fish market. Naturally such a person
was in disfavor with the dealers in the
established markets. The "hummer"
were accused of cheating and
selling worthless wares, hence the dis-
agreeable significance of its linguistic
descendant.

The First Word.
"But," said the judge, "you provoked
the fight."
"No, O didn't," replied the prisoner.
"But you struck the first blow. Why
did you do that?"

"Because he said to me, 'If O'm wan,
ye're another,' and so I soaked him."—
Philadelphia Press.

Too Polite.
"Your father is certainly the politest
man I know."

"What makes you say that?"
"He's pretending that he's cured of
his dyspepsia in order that he shall
not hurt his doctor's feelings."—New
Yorker.

Strenuous Hint.
Husband—Let me see, how long is it
since Uncle John was here? Wife—
Oh, it must be several years. He was
here the week after I got my last new
bonnet.

Fear is the tax that conscience pays
to guilt.—Sewell.

WILBURTON WORKED SEQUOYAH

Tickets Voted Read "For" or "Against"
Statehood With Oklahoma.

Wilburton, I. T., Nov. 8.—Hear-
ing interest was manifested in the elec-
tion yesterday on account of the un-
fair tactics of the Sequoyah crowd,
who sent judges here from several
counties distant to conduct the elec-
tion. A big mass meeting was held
at the opera house on the night pre-
vious and the citizens resolved to
present a ballot that would allow the
voter to vote "for or against" state-
hood with Oklahoma. The vote re-
sulted 1,732 for and 44 against. The
imported judges closing their books at
the noon hour and going home. A
unanimous vote of 1,776 was polled
for Wilburton for the county seat of
Halley county. The single states
made an organized effort from the
start attacking the Sequoyah gang,
exposing their grafting methods and
beat them at their own game here.
